## AMT's Dirty Donny Series

If you are a fan of old psychedelic box-art, you will be please to know that some of the Dirty Donny kits are available from the USA at varying prices. If there blow your hair back, let me know and I'll get you prices.

*On a personal note, my favourite is the "Vantasy" Chevy Van, but that's the one in the Dirty Donny series that I haven't seen reissued recently. If it does appear, I will definitely be getting one! One lives in hope!*
